**Post Graduate Diploma in  
Advance Computing**

September 15,2022-MARCH 15,2023

GRADE:A

### GIMT

**B.TECH in Electronics and Telecommunication**

August 2014-august 2018

2nd CLASS

## PROJECTS

### B.TECH PROJECT: Blind Man Stick

**Purpose:** The purpose of the project was to help blind people to help them move freely.

**Description:** In this project we used a stick equipped with a proximity sensor, a 8086 microcontroller , a PCB board and a buzzer where we connected all the components with the PCB board with the microcontroller programmed to send a signal to buzzer to buzz whenever an object comes is at a distance of 1 meter or less to the sensor which helps the blind man to know if there is an object nearby or not.

**Group members: 3**

**My Role:**

- Designing of the blind man stick.
- To build the circuit connections on the PCB board.
- Presented the working of the project.

## **SKILLS**

### **FRONT END:**

- HTML,CSS,JS
- REACT

### **BACKEND:**

- NODE JS,EXPRESS
- SPRING

### **DATABASE:**

- MYSQL
- MONGO DB

### **OTHERS:**

- LINUX COMMANDS
- OOPS WITH JAVA 8
- WINDOWS 10
- MS OFFICE
- COMMUNICATION SKILLS
- PROBLEM SOLVING
- ANALYTICAL THINKING

## **CDAC PROJECT: Student Admission Management System**

**Purpose:** The purpose was to develop a website for the onboarding process into CDAC.

**Description:** In this project we a group of 4 created a web application so as to help the students with the onboarding process into CDAC . Student can directly access the features of the individual centers and their courses and faculty and upload their documents as well in the website itself which wasn't possible before for the official website as there was no separation for different centers. Admins of particular centers will also be able to see which students have registered for their centers.

### **My role:**

- Designed and developed the Frontend part of our project using HTML/CSS, JS, Bootstrap.
- Helped with building the SRS of the project.
- helped with the testing of the project and fixed issues.
- Helped with the presentation.

### **TECNOLOGIES USED:**

Frontend: HTML,CSS,JS,

Backend: NODEJS , EXPRESS

Database: MONGODB

---

### **Certifications:**

1. **Javascript** : Unlocking the power of javascript by Scaler.

2. **ReactJS**: The ultimate React course by Udemy.

**Certificate url:** [ude.my/UC-ba9f8ae1-bff9-4c86-9bc2-6f566644b0a6](https://ude.my/UC-ba9f8ae1-bff9-4c86-9bc2-6f566644b0a6)

## **EXPERIENCE:**

### **1.Vedantu Innovation Pvt Ltd: Business Development Executive 2019-2020**

#### **Roles and responsibilities ;**

- Advise student/ parents for their learning needs through structured counseling sessions.
- To incorporate the need of digital education
- To analyze the learning gaps of students and give appropriate solutions through our platform.
- Handle objections and price negotiation to generate sales revenue.
- Learn/ upgrade one's own product knowledge and sales skills to achieve and exceed growth sales

#### **My achievements:**

- Achieved highest revenue for the months of September and January.
  - Negotiate many deals with schools so as to contribute to the growth of the company.
  - Helped many students improve their academic performances with continuous guidance.
- 

### **2. Fresica: Store Manager 2021-2022**
